### 13 Evaluation Criteria

13.1 You will have your Proposal evaluated as set out below:

**Stage 1:** Proposals will be checked to ensure that they have been completed correctly and all necessary information has been provided and all mandatory requirements as outlined in Section 8 met will proceed to Stage 2. Any Proposal not correctly completed in accordance with the requirements of this RFP and/or containing omissions may be rejected at this point. Where a Proposal is rejected at this point it will automatically be disqualified and will not be further evaluated.

**Stage 2:** The completed Supplier Response Form will then be reviewed to confirm that the potential supplier meets all the qualification criteria set out in the questionnaire. Potential suppliers that meet the qualification criteria will proceed to Stage 3. Potential suppliers that do not meet the qualification criteria (set out in the Supplier Response Form) may be excluded from the Procurement Process at this point. Where a potential supplier is excluded at this point, its tender response will be rejected in full and not evaluated further and the supplier will automatically be disqualified from this Procurement Process.

**Stage 3:** If a bidder succeeds in passing Stages 1 and 2 of the evaluation, then it will have its detailed tender response to the British Council's requirements evaluated in accordance with the evaluation methodology set out below.

13.2 Award Criteria – Responses from potential suppliers will be assessed to determine the most economically advantages proposal using the following criteria and weightings and will be assessed entirely on your response submitted:

Criteria	Weighting
Social Value	10%
Quality	25 %
Methodology and Approach	40 %
Commercial	25 %

13.3 Scoring Model – Proposals will be subject to an initial review at the start of Stage 2 of the evaluation process. Any Proposals not meeting mandatory requirements or constraints (if any) will be rejected in full at this point and will not be assessed or scored further. Proposals not so rejected will be scored by an evaluation panel appointed by the British Council for all criteria other than Commercial using the following scoring model:

Points	Interpretation
10	<b>Excellent</b> – Overall the response demonstrates that the bidder meets all areas of the requirement and provides all the areas evidence requested in the level of detail requested. This, therefore, is a detailed excellent response that meets all aspects of the requirement leaving no ambiguity as to whether the bidder can meet the requirement.
7	<b>Good</b> – Overall the response demonstrates that the bidder meets all areas of the requirement and provides all the areas of evidence requested but contains some trivial omissions in relation to the level of detail requested in terms of either the response or the evidence. This, therefore, is a good response that meets all aspects of the requirement with only a trivial level ambiguity due the bidder’s failure to provide all information at the level of detail requested.
5	<b>Adequate</b> – Overall the response demonstrates that the bidder meets all areas of the requirement, but not all the areas of evidence requested have been provided. This, therefore, is an adequate response, but with some limited ambiguity as to whether the bidder can meet the requirement due to the bidder’s failure to provide all of the evidence requested.
3	<b>Poor</b> – The response does not demonstrate that the bidder meets the requirement in one or more areas. This, therefore, is a poor response with significant ambiguity as to whether the bidder can meet the requirement due to the failure by the bidder to show that it meets one or more areas of the requirement.
0	<b>Unacceptable</b> – The response is non-compliant with the requirements of the RFP and/or no response has been provided.

13.4 Commercial Evaluation – Your “Overall Price” (as calculated in accordance with requirements of Annex 4 (Pricing Approach) for the goods and/or services will be evaluated by the evaluation panel for the purposes of the commercial evaluation, further information on this

approach may be available in Annex 4. If any prices are expressed as being subject to any pricing assumptions, qualifications or indexation not provided for by the British Council as part of the pricing approach, the British Council may reject the full Proposal at this point. The British Council may also reject any Proposal where the Overall Price for the goods and/or services is considered by the British Council to be abnormally low following the relevant processes set out under the EU procurement rules. A maximum offer score of 10 will be awarded to the Proposal offering the lowest "Overall Price". Other Proposals will be awarded a mark by application of the following formula: (Lowest Overall Price/Overall Price being evaluated) x 10 (rounded to two decimal places) = commercial score.

13.5 Moderation and application of weightings – The evaluation panel appointed for this Procurement Process will meet to agree and moderate scores for each award criteria. Final scores in terms of a percentage of the overall Proposal score will be obtained by applying the relevant weighting factors set out as part of the award criteria table above. The percentage scores for each award criteria will be amalgamated to give a percentage score out of 100.

13.6 The Winning Proposal(s) - The winning supplier response shall be the tender response scoring the highest percentage score out of 100 when applying the above evaluation methodology, which is also supported by any required verification evidence obtained by the Authority. If any verification evidence requested from a supplier is not provided in accordance with any timescales specified by the British Council and/or any evidence reviewed by the British Council (whose decision shall be final) does not demonstrate compliance with any such requirement, the British Council may reject that tender response in full and disqualify the potential winning supplier from the Procurement Process at that point.
